

Bathing Services Available at Curative - Medical Day Program

Whirlpool Tub with Seated Bathing System

- Bathers enter and exit the tub in a comfortable and secure chair that slides in and out of the front entry/exit door. There is no need for lifting in or out of the tub.
- Persons served may be fully immersed in the tub for a bath.
- A shower feature also is available for those who cannot be immersed.
- The whirlpool feature provides a gentle, massaging motion that soothes and nurtures the skin.

Services Offered

- Body wash
- Hair shampoo/conditioner
- Thorough drying of the body
- Change of incontinence products as needed
- Application of lotion/deodorant if appropriate
- Assessment for skin breakdown, bruising or scratching
- An accessible digital scale is available for easy weighing.

Bathers can safely enter and exit the tub from a seated position.

Employee Qualifications

- Curative staff members providing bathing services must be Certified Nursing Assistants in good standing with the State of Wisconsin.
- Staff members must complete Curative Whirlpool Tub Training.

Safety Features

- Persons served are never left alone in the tub.
- The tub is drained, cleaned and disinfected after each use.
- The changing table is cleaned and disinfected after each use.
- Towels are laundered after each use.

Hours

- Bathing services are offered from 8 am to 2 pm Monday through Friday.
- A bath takes approximately one hour.
